

Replacements For Locca Products

Since Locca pulled out of the UK market in 2011 we have been looking for an alternative product range that would replace the popular Locca Sure Touch, Locca Access and Locca Multi access control systems.

And here it is, this ADS range of components forms a complete set consisting of a power supply, wireless receiver and radio key fobs.

Easy to install with multiple output options!

Access Kit

This kit has been specifically put together to replace the discontinued Locca Access and Locca Multi access control key-fob systems.

It comprises of:

- 1 x ADS Wireless Receiver
- 1 x ADS Power Supply
- 2 x ADS Radio Key Fobs

An optional enclosure case is also available which neatly conceals the components and is ideal for installing the kit externally.

Optional Enclosure Box

ADS Wireless Receiver

This Product Is the ideal replacement for the discontinued Locca Access and Locca Multi Key Fob systems.

Easy to install, with 4 volt free relay outputs it can be used to operate almost any access control device.

ADS Power Supply

ADS 12V 2A DC Power Supply Unit.

Can be used to power any device which requires a 12V power supply.

Remote Key Fobs

ADS 1 Button RF Remote Key Fob
433.93 MHz Rolling Code for use with the ADS Wireless Receiver.

Clear White & Chrome.
