Details

> Anti-vibration system: continuously safe and pleasant working thanks to minimal vibrations and outstanding noise insulation.

> StarlockPlus tool mounting: more work progress and greater precision thanks to 100% power transmission without losses.

> QuickIN: tool changes in less than 3 seconds thanks to the patented tool-free FEIN rapid clamping system.

> With the StarlockPlus tool mounting, you can access around 100 FEIN accessories from the Starlock and StarlockPlus performance classes.

> DC motor: effective and powerful motor technology offering virtually the same power as the mains-powered version.

> Tacho generator: constant speeds even under load and infinitely variable electronic speed control.

> Metal gearbox: ability to withstand high loading and outstanding service life because all the gearbox parts are made from metal.

> Mechanical interface: for stationary operation in the table or drill jig holder or for securing the depth stop.

> SafetyCell technology: perfect protection against overload, overheating and total discharge thanks to Li-ion batteries with individual cell monitoring.

> The battery charge can be read off the battery.
